CITY OF NOBLESVILLE
MAY 29, 2018**

The Common Council of the City of Noblesville met in regular session on Tuesday, May 29, 2018. Christopher Jensen called the meeting to order pursuant to public notice with the following members present: Brian Ayer, Mark Boice, Greg O'Connor, Roy Johnson, Rick Taylor, and Megan Wiles. Wil Hampton and Mary Sue Rowland were absent.

Also present were Mayor John Ditslear, City Clerk Evelyn Lees, Deputy Mayor Steve Cooke, Deputy Clerk Jacqueline Thompson, City Attorney Michael Howard, department directors, staff, interested citizens, and members of the media.

A moment of silence was observed for those impacted by the shooting at Noblesville West Middle School. Mr. Jensen read the following statement on behalf of the Council:

“Last Friday, Miller Nation was changed forever. In the hours and days since, we have seen the best of this great community. During the event, our partners at the Noblesville Police Department, Noblesville Schools, Noblesville Fire Department, Hamilton County Sheriff’s Department, the Indiana State Police, and countless other law enforcement agencies sprang into action with one goal in mind – to keep our students and community safe. The heroic actions of our teachers and students, and in particular, Jason Seaman, helped saved countless lives.

While our hearts break for the city we all love deeply, we are also confident that lessons were learned on Friday that will help not only Noblesville in the future, but other communities as well. In the coming weeks and months, we will be working hand in hand with our public safety departments and Noblesville Schools to offer our full support. Discussions were already underway before Friday to enhance our public safety presence at our schools.

We, as a council, continue to pray for our Miller family. We know thoughts and prayers are important at this time, but action will be required in the near future. We are ready to be a partner and engage in those discussions as we work to make our community even safer.”

Mayor Ditslear recognized members of his inaugural Youth Council. The “Founding Four” were introduced first: Salil Gupta, Al Alvarez, John Cook, and Sam Wertz. Mr. Gupta introduced the remaining members: Delaney Amsler, Nick Beeson, Aidan Biddle, Joseph Gassensmith, Luke Johns, Jaclyn Klinger, Zachary Lamantia, Olivia Long, Lauren Patrick, Ellie Payne, Trevor Rice, Grace Wiles, and Carys Wisnewski. Mayor Ditslear swore in the members for the 2018-2019 school year and welcomed them to the Council. He noted that membership was selective, but that any student who lives or attends school or is homeschooled in Noblesville was welcome to apply. The students presented Administrative Manager Michelle Glodowski with flowers as thanks for her role in the group’s formation. Mr. Ayer thanked the Mayor for forming the group.

COUNCIL COMMITTEE REPORTS

Mr. Taylor stated the Downtown District Committee had been scheduled to meet this afternoon, but some of the key people needed for a productive meeting were unable to attend. He stated the meeting will be rescheduled as soon as possible.

Mr. O’Connor stated the Finance Committee met on May 24th. He stated most of the discussion concerned the 2019 budget process. He stated Controller Jeff Spalding has compiled a timeline similar to last year’s process. He stated the goal is to begin using OpenGov with the Personnel Forecasting Module as much as possible. He stated another goal is to include as many projects as possible in the budget, to avoid the need for additional appropriations as much as possible. Mr. O’Connor noted there are several pending items which will come before the Council in the near future. He stated Policy Analytics, LLC will begin their TIF analysis project on June 1st. He stated the committee recommends approval of the claims.

Mr. Jensen submitted a report from the Public Safety Committee in the absence of Mr. Hampton:

From Wil Hampton

Chair: Public Safety Committee

On behalf of the public safety committee – Rick Taylor and I met with Police Chief Kevin Jowitt and Fire Chief Greg Wyant. Also present was Clerk Evelyn Lees.

Top of the agenda was school safety – this meeting was MAY 18TH – one week prior to the tragic events that unfolded last Friday.

We discussed an idea by Chief Jowitt that would create a plan to place newly retired police officers in every school, and potentially another one in the High School. Officers that are within 2-3 years of full active duty; the officers would operate on the school’s calendar.

He would need to hire 8 officers to do this – As of the morning of May 18th (the day of the meeting), Chief Jowitt believed his department could budget for 4 of the officers but the city would need help from the schools to fund the other half.

**COMMON COUNCIL
CITY OF NOBLESVILLE
MAY 29, 2018, PAGE III**

As we all would expect, this plan could change entirely based on the shooting at West but know that school safety has always been a primary issue - evidence - the quick action by all that we witnessed last week.

- Also discussed at our meeting, Chief Jowitt reported that Noblesville's crime rate is lower – The POP Unit is doing its job to recognize hot-button issues and control crime
- A new police station is needed – the old firestone site remains as the top prospect as for location.

After meeting with Chief Jowitt, we met with Fire Chief Wyant

- He reported that NFD needs to hire 7 new fire fighters, Chief reports that it's getting tougher to find quality candidates – they are out there, just working harder to find the right people
- NFD will also budget for a new ambulance in 2019
- And finally, he shared some very interesting statistics about on safety costs and how they are affected by new development; chief is glad to share with every council member if necessary.

Thank you,

Wil

APPROVAL OF CLAIMS

Mr. O'Connor moved to approve the claims as submitted, second Mr. Boice, seven aye.

PREVIOUSLY DISCUSSED ORDINANCES

#14-05-18 COUNCIL TO CONSIDER ORDINANCE #14-05-18, AN ORDINANCE AMENDING ORDINANCE #76-09-06 FOR CUMBERLAND FARMS PLANNED DEVELOPMENT AT 21339 S.R. 19 (DENISE ASCHLEMAN)

Ms. Aschleman reviewed the ordinance. She stated where the petitioner asks for waivers of shrub requirements, they are providing extra screening with evergreen trees. She stated staff recommends approval, and the Plan Commission forwarded a favorable recommendation with a vote of eight to zero.

Andy Wert of Church, Church, Hittle & Antrim, 2 North 9th Street, Noblesville, Indiana, addressed the Council. He stated Fluid Waste Services has been a utility maintenance operation that has served local communities since the late 1980s. He stated their facility at this location was completed in 2016. He stated during construction some operational issues that conflict with the landscaping requirements became evident. He noted they needed to remove the corner island from the parking lot due to their large trucks that have a large turn radius. He stated the heavy trucks combined with the irrigation needed for the plants would lead to pavement failure, which had occurred at their previous location. He stated as a remedy they have concentrated on extra screening along State Road 19 and have spared several larger trees. Mr. Taylor moved to approve Ordinance #14-05-18, second Ms. Wiles. The following roll call vote was taken on Ordinance #14-05-18:

Ms. Yelton stated this request is to allow a church to be built in the Cumberland Pointe Industrial Park. She stated there was not much discussion at the Plan Commission meeting. She stated City Engineer John Beery recommended 37 onsite parking spaces, which have been added to the site plan. She stated the Plan Commission forwarded a recommendation for adoption with a seven aye, zero nay, one abstention vote. The petitioner declined to speak. Mr. Howard stated because this site is in a TIF district, the petitioner's attorney and he have agreed on terms of a Payment in Lieu of Taxes (PILOT) agreement, but the petitioner is not yet sure of the exact name of the legal entity that will take title to the property and execute the agreement. Mr. Howard recommended approval subject to an executed, recorded agreement before issuance of an Improvement Location Permit. Mr. Johnson moved to introduce Ordinance #18-05-18, second Mr. Taylor. Ms. Yelton stated this request is for an amendment concerning signage at the new St. Vincent micro hospital in the Promenade Shoppes area on S.R. 32. She stated this request is similar to the other micro hospital on 146th Street, which came before Council and received approval for additional signage. She stated most of the request is for more than one sign on an elevation, which is not allowed in the Unified Development Ordinance. She stated the Plan Commission voted eight to zero in favor of adoption. Mr. O'Connor asked if this request is consistent with the request approved for the other micro hospital. Ms. Yelton replied it is more or less the same. There is a sign with the hospital's name that was not requested for the other hospital. Mr. O'Connor moved to introduce Ordinance #20-05-18, second Mr. Taylor. Ms. Yelton stated this parcel is on 225 acres owned by SMC; this request concerns approximately 83 acres that are a part of the Smithfield Business Park. She stated this action will remove the parcel from the Smithfield Business Park and add it to the SMC Planned Development (PD). She stated the land use will change from Office/Flex to Industrial Office with a character overlay, which has more stringent landscaping requirements because the property fronts 146th Street. She stated the Plan Commission voted eight to zero in favor of adoption. She stated the petitioner has requested to waive the rules and approve the ordinances on first reading.

Jon Dobosiewicz of Nelson & Frankenberger, 550 Congressional Boulevard, Carmel, Indiana, addressed the Council on behalf of the petitioner.
