Description

FACADE REMODEL SCOPE OF WORK AND TIMING

---Close Sidewalk / dumpster in place---

Framing Labor - Frame temporary wall inside existing facades and cover in plywood exterior.

Material: framing

Demo Labor - Remove existing awnings, bay window, siding, storefront material, masonry. Remove 2nd floor windows and boarded up portion at tops of windows in 817 (to restore to original opening size).

Framing Labor - Frame out facades and new openings for remodeled plan (see drawings). Measure for new storefront material.

Install steel doors in temporary wall. Inspect framing around 2nd story window openings and adjust as needed. Price assumes no rot / replacement of existing materials required.

Measure for storefront material.

Material: framing

Rough Electrical - lighting for fixtures or signage TBD. Allowance of \$1000 provided for one penetration / electrical box on front of building for lit sign or fixtures. Conduit can be run from this box as needed along front of building for multiple fixtures.

Windows - Install 2nd floor windows. Windsor Pinnacle series, clad, double hung, LoE glass, concealed jamb liners, standard color TBD. Trim out exterior as needed. Exact scope unknown.

Material: windows

Material: exterior trim allowance

---Reopen sidewalk and remove dumpster. Approx. 9 days needed for above work.---

ESTIMATED FABRICATION TIME FOR STOREFRONT: 2 weeks

---Close sidewalk again---

Storefront - Install Tubelite aluminum and glass storefront system per drawings. Scope of work behind existing facade material at steel beam is unknown at time of estimate. Allowance for insulation and wrap of exposed material with aluminum sheeting included. Labor and material

Insulation Labor allowance

Material: insulation

Trim - Trim out raised panels and around new storefront material per drawing. Boral stiles and rails, fiber cement board backing and Accoya wood raised panels in kneewall below windows.

Material: trim

Paint - scrape, clean (lightly power wash) and paint both facades.

Material: paint, plastic, misc supplies for application

---Reopen sidewalk. Approx 12 days needed for above work.---

Decorative Transom Glass - Install custom design decorative glass panels behind storefront material. Tempered glass panels with colored and / or textured films and lead coming applied to face. Labor and material.

Dumpster - dumpster in parking spaces in front of building. Timing as described above.

The first estimate is provided at no charge. However, upon verbal request by the customer to proceed with estimate revisions or drawings, the customer agrees to pay MacInnis Construction Inc. for the estimate and / or drawing hours accumulated from the date of request forward. Hours will be billed at a rate of \$40 per hour.

Description

Permits -

"Miscellaneous Permit" from INDOT to place dumpster
Encroachment permit from Noblesville Street Dept. to close sidewalk. Timing as described above.

Design time: time to complete all measurements and meetings with customer, complete all drawings for floor plans, cabinet plans, elevations, details, tile layouts / isometrics (if needed) and electrical plan; complete all revisions to plans and estimates as requested by customer; assist with selection of all products and finishes; ordering and scheduling of all products related to fixtures and finishes; meetings with subs on site to determine scope of work. - ALLOWANCE \$800

Note: Unless stated otherwise, all prices include labor and material. Although every effort has been made to provide pricing as accurately as possible, the project total is an estimate. It should not be taken as a "not to exceed" dollar amount. Actual project total will be figured on a cost plus basis for overhead / expenses. Consequently, if allowances or other costs provided are not needed for the job or amount to a lower total, the customer will be charged only for costs incurred.

Note: Estimate does not include interior work to finish transition area from dropped ceiling in 817 to new storefront material.

The first estimate is provided at no charge. However, upon verbal request by the customer to proceed with estimate revisions or drawings, the customer agrees to pay MacInnis Construction Inc. for the estimate and / or drawing hours accumulated from the date of request forward. **NOBLESVILLE ECONOMIC DEVELOPMENT DEPARTMENT
INTEROFFICE MEMORANDUM**

TO: BOARD OF PUBLIC WORKS AND SAFETY
FROM: AARON HEAD, ECONOMIC DEVELOPMENT SPECIALIST
SUBJECT: 813 CONNER STREET FAÇADE IMPROVEMENT GRANT
APPLICATION APPROVAL
DATE: JUNE 26, 2018

Attached is the Façade Improvement Grant Application submitted by Heather MacInnis on behalf of Jay and Anne Merrell for the property located at **813 Conner Street** as reviewed by the City of Noblesville's Façade Grant Review Committee on June 19, 2018 and approved on June 19, 2018.

The total façade project cost is \$27,099.89 with a grant of \$13,549.95. There is also an Architectural Design Assistance Grant of \$400 as part of this project, for a grand total of \$13,949.95. The grant includes but is not limited to labor and materials to replace second floor windows, the first floor storefront will be opened up to the original height of the steel beam spanning the front facade. New aluminum tubing and glass will be installed, decorative glass to be placed in the transom area to mimic the Uptown Cafe next door, the second floor brick will be cleaned and painted with a new color scheme.

Pending your approval the property owners will be contacted and work can begin. The applicant is aware of the process and requirement of Board of Works approval for any parking space or sidewalk closures during the work associated with façade improvements. All of the façade improvements must be started within 60 days and be completed within 6-12 months of approval. The applicant will be provided with and be required to display a sign stating that the project is partially funded by a grant from the City of Noblesville's Façade Improvement Grant Program. This sign shall be displayed in a prominent location on or near the front façade of the project building during the duration of construction and for three months after project completion.

After completion of all façade improvements, the improvements must be inspected by the Program Administrator and certified building inspector to verify work has been completed according to the Façade Improvement Agreement. "After" photos and paid invoices itemizing all eligible costs will be submitted to the Economic Development Department for verification. After all work has been completed and verified, funds will be disbursed.

A full version of the application is available by request in the Economic Development Department.

If you have any questions prior to the meeting on the 26th, please feel free to contact me at 317-776-6345 or at ahead@noblesville.in.us.
