Indiana Department of Environmental Management Office of Land Quality State Cleanup Section, Attn: Kenneth C. McDaniel 100 N Senate Avenue, IGCN, Room 1101 Indianapolis, Indiana 46204-2251

Re: Notice of Liability and Information Request

Dear Mr. McDaniel:

The Environmental Liability & Asset Management Group, LLC (dba The ELAM Group) is responding on behalf of Indiana Transportation Museum, Inc. (ITM) to provide you with some of the information requested in Attachment B of IDEM's Notice of Liability and Information Request letter, dated 6/9/17 (Notice). We are continuing to review your requests and will supplement this response as additional information becomes available. The narrative below contains each of IDEM's questions followed by The ELAM Group's response.

#### **Owner and Operation Information**

1. Identify the Potential Responsible Person (PRP) for which you are answering, identify the person responding to this Information Request, provide his/her contact information and describe the relationship that the person has (or had) with the PRP to which this information request is directed.

**A:** The ELAM Group is an environmental consultant answering on behalf of the ITM. The ITM's point of contact with The ELAM Group is:

Date: 7/12/17

James P. Hogan, LPG
President & CEO
The ELAM Group
176 W. Logan Street, Suite 147
Noblesville, IN 46060
james.hogan@elamusa.com
(888) 510-3526 x102

In addition, the ITM has retained Barnes & Thornburg LLP as its legal counsel in this matter. The ITM's point of contact at Barnes & Thornburg is:

David Gillay, Esq.
Barnes & Thornburg LLP
11 South Meridian Street
Indianapolis, IN 46204-3535
david.gillay@BTLaw.com
(317) 231-7474

- 2. Please state whether you have personal knowledge of the information being provided. If not, please identify all persons contacted to gain such information along with their contact information. If you have relied upon documents to obtain the information, please provide copies of such documents.
  - **A:** The ELAM Group has personal knowledge of the site stemming from site visits conducted on 6/9/17, 6/13/17, 6/20/17 and 6/22/17. During those visits, The ELAM Group identified the following persons with personal knowledge of site operations:

Mr. John McNichols, Chair Mr. Les McConnell, Vice-Chair Indiana Transportation Museum Board of Directors 136 S. 9th Street, Suite 105 Noblesville, IN 46060

Messrs. McNichols and McConnell should be contacted through Barnes & Thornburg LLP.

Date: 7/12/17

In addition, The ELAM Group interviewed Messrs. McNichols and McConnell, reviewed files from IDEM's Virtual File Cabinet (VFC), the State of Indiana's Secretary of State's Business Entity search website, the Indiana Department of Natural Resources' (IDNR's) water well search website and Hamilton County's GIS website to support its responses below. The foregoing responses synthesize the information obtained from these resources.

3. Please confirm that the PRP owned or owns the property located 1077 Cicero Road, 825 Park Drive, Noblesville, Hamilton County ("the Property") and the dates of ownership.

**A:** The ITM has never owned the Property, which is shown in a regional setting in Attachment C. IDEM identified the site as 1077 Cicero Road and 825 Park Avenue in Noblesville, Indiana, which relate to parcels 11-06-25-00-00-020.000 and 11-06-26-0-00-007.000, respectively (Property¹) including all areas to which contamination has migrated (collectively referred to as the site).

A legal description of the ITM's leased premises is included in Attachment A. A map depicting the perimeter of the Property as described in the legal description will be provided upon completion of a licensed surveyor's review of the legal description.

- 4. If the PRP did not own the Property, please provide information regarding whether there is a successor-in-interest to the named PRP. Please describe.
  - **A:** The ITM leases the Property from the Noblesville Parks and Recreation Board, Hamilton County, Indiana. The ITM first leased the Property in 1973. There is no successor-in-interest to the ITM.
- 5. If the current owner of the Property is a trust, please provide the contact information for the trustee.

<sup>1</sup> The ELAM Group is conducting a legal survey of the Property and will provide the same to IDEM upon completion.

Date: 7/12/17

**A:** The current owner is not a Trust.

6. Describe the business that was conducted at the site during the ownership of the Property by the PRP. Was manufacturing involved? If so, please describe that process.

**A:** The Property was not used for manufacturing. The Property was used for operation and maintenance of the nonprofit heritage railroad. The ITM's industry is categorized under the Standard Industrial Classification (SIC) Code *8412 Museums and Art Galleries*. As described by SIC, this industry is comprised of establishments primarily engaged in the operation of museums and art galleries.

SIC Codes for activities conducted by the ITM necessary to operate the heritage railroad include: 401 Railroads, 4011 Line Haul Operating and 4013 Switching and Terminal Services.

7. Who operated that business? If the operator is a different entity than the PRP, please provide all relevant information you may have that pertains to the operator. If you are aware of a contact person for that entity please provide all contact information.

**A:** The business was operated by the ITM, a Non-Profit Domestic Corporation, formed in September of 1960. The ITM is the parent corporation for three wholly owned limited liability corporations (LLCs) as follows:

- a. ITM Railroad Operations LLC
- b. ITM Assets LLC
- c. ITM Holdings LLC
- 8. At the time you acquired or operated the Site, did you know or have reason to know that any hazardous substance was disposed of on, or at the Property? Describe all investigations of the Property you undertook prior to acquiring the Site and all of the facts on which you base the answer to the preceding question.
  - A: At the time of the ITM's lease, the Property was a wooded area with a

Date: 7/12/17

localized lowland.

9. Did you ever use, purchase, generate, store, treat, dispose, or otherwise handle at the Property any hazardous substances or petroleum? If the answer to the preceding question is anything but an unqualified "no," identify:

A: Yes.

The information requested by the Owner and Operation Information Questions 9a-9g is provided below and has been summarized and documented to the extent currently known in Attachment B.1.

a. In general terms, the nature and quantity of the non-hazardous substances and/or petroleum transported, used, purchased, generated, stored, treated, disposed, or otherwise handled.

**A:** Petroleum products were generally purchased in 55-gallon drums or 275-gallon totes from Miller Fluids, Jackson Oil, Reladyne, North Central Co-op in Wabash Indiana or Crystal Flash, or donated. Some supplies were purchased in small quantities from local big box stores (Lowes, Home Depot, Tractor Supply, NAPA Auto Parts), or donated.

- b. The chemical composition, characteristics, physical state (e.g., solid, liquid) of each hazardous substance transported, used, purchased, generated, stored, treated, disposed, or otherwise handled.
  - **A:** These records are unavailable with the exception of a waste manifest associated with the ITM, which is included in Attachment B.3.
- c. Identify the supplier(s) of the hazardous substances and provide any copies of material safety data sheets, contracts, service orders, shipping manifests, invoices, receipts, canceled checks and other documents pertaining to the supplying of the materials.

**A:** Paints and cleaners were generally purchased from Sherwin Williams, and some paints were donated by Citizens Energy. Welding gases were

Date: 7/12/17

purchased from Indiana Oxygen. Other supplies were purchased in small quantities from big box stores (Lowes, Home Depot, Tractor Supply, NAPA Auto Parts) and donated. The available waste manifest associated with the ITM is included in Attachment B.3.

d. Describe how each such hazardous substance was used, purchased, generated, stored, treated, transported, disposed or otherwise handled. Describe briefly the purpose for which the material was used at the facility. If more than one use, describe each purpose and the time period of each use. State whether the substances were delivered to the facility in bulk or in closed containers and describe how the materials were transferred and where on the Property it was transferred to the storage containers or tank(s) including any equipment used and by whom. Also include a description of how the materials were transported from the on-site storage to the point where it was applied or used or handled and in what amounts, and whether this was done using containers, hoses, piping or other equipment.

**A:** The ITM is staffed and managed primarily by volunteers. Staff contracted by the ITM perform maintenance activities included McCormack Contracting Corporation and Mr. Tim Taylor. The records associated with the generation, transportation and disposal of any waste products associated with the ITM is included in Attachment B.2.

The ITM generally stores its chemicals proximate to where they are used. As a result, petroleum and other chemicals have been stored in the maintenance building, in several rail cars and in the maintenance yard. Additional detail regarding usage is as follows:

- ITM used welding gases which were stored in cylinders rented from Indiana Oxygen.
- ITM used a variety of motor oils and diesel fuel for locomotive maintenance and auto or tractor maintenance. Oils were stored in 55-gallon drums or 275-gallon totes. Containers were transported to the location of the rail car/truck or vehicle in need of maintenance and pumped from containers with pneumatic pumps.

Date: 7/12/17

• Oils in consumer containers were stored in the original containers and carried to the vehicle in need of maintenance.

- ITM used paints and paint thinners purchased from Sherwin Williams. Some paints were donated by Citizens Energy.
- ITM used oil filter pads for journal oil in boxes mounted to rail trucks. Used filter pads were stored in 55-gallon drums in the maintenance yard.
- ITM used weed killers purchased from Home Depot or Lowes and stored in the original containers.
- e. Identify when each such hazardous substance was used, purchased, generated, stored, treated, transported, disposed or otherwise handled.

**A:** The available waste manifest associated with the ITM is included in Attachment B.3.

f. Identify where each such hazardous substance was used, purchased, generated, stored, treated, transported, disposed or otherwise handled. If stored in a tank, indicate the kind and size of containers or tank(s), the storage area, pad or enclosure, or site of any underground storage tanks, the approximate average volume stored at the Property, and if the storage practice changed during the period, state how and when.

**A:** The ITM generally stores its chemicals proximate to where they are used. As a result, petroleum and other chemicals have been stored in the maintenance building, in several rail cars and in the maintenance yard.

g. Identify the quantity of each such hazardous substance used, purchased, generated, stored, treated, transported, disposed or otherwise handled. Include how frequently the material was delivered to the facility and in what volume on the average (estimate if exact frequency and volumes are not known).

**A:** The available waste manifest associated with the ITM is included in Attachment B.3.

Date: 7/12/17

h. Illustrate all hazardous material or petroleum storage, transfer and disposal areas on a site map.

**A:** The known areas for material storage, transfer and disposal are shown in Attachment C.

i. If you have any reason to believe that there may be persons able to provide a more detailed or complete response to any sub-question contained herein or who may be able to provide additional responsive documents, identify such persons and the additional information that they may have.

**A:** The ITM subcontracted the McCormacks to perform general maintenance, most of which was conducted within the northern portion of the maintenance yard.

10. Provide a list of any hazardous substances used or produced in any manufacturing processes employed onsite or in any sludges, liquids, or other production wastes or materials resulting from the manufacturing process. Summarize in a short narrative the equipment or process used to dispose of or treat such waste materials.

A: The ITM did not perform any manufacturing processes.

11. Provide a list of all local, state and federal environmental permits ever granted for the Site or any part thereof (e.g., Resource Conservation and Recovery Act [RCRA] permits, National Pollutant Discharge Elimination System [NPDES] permits, etc.).

**A:** No environmental permits have ever been requested by or granted to the ITM. However, the ITM has conducted an Environmental Compliance Audit and is currently working with applicable state and federal environmental agencies to obtain any applicable permits.

12. Did the Property ever file a Hazardous Waste Activity Notification under the Resource Conservation and Recovery Act (RCRA)? If so, provide a copy of such

Date: 7/12/17

notification.

**A:** The ITM was a Conditionally Exempt Small Quantity Generator (CESQG) as shown on the available waste manifest associated with the ITM, which is included in Attachment B.3.

13. Provide information about the Property, including but not limited to the following:

**A:** In addition to the responses below for questions 13a through 13g, the legal description of the leased property is provided in Attachment A. A map depicting the perimeter of the leased premises is under review with a licensed surveyor and will be provided upon completion.

a. Property boundaries, including a written legal description;

**A:** The Property is bounded on the north, south and east by Forest Park. The Property is bounded on the west by the east line of the right-of-way of Norfolk & Western Railroad.

b. Location of underground utilities (telephone, electrical, sewer, water main, etc.);

A: ITM has no knowledge of any underground utilities on the Property.

c. Surface structures (e.g., buildings, tanks, etc.);

**A:** Buildings are indicated on the site map.

d. Ground water supply wells and monitoring wells, including drilling logs;

**A:** ITM has no knowledge of any groundwater wells or monitoring wells on the Property. A map of groundwater wells within 1 mile of the Property and the associated well logs are included in Attachment D.

e. Storm water drainage system, and sanitary sewer system, past and present, including floor drains, drainages tiles, septic tank(s), subsurface

Date: 7/12/17

disposal field(s), sewer lines and other underground structures; and where, when and how such systems are emptied;

A: ITM has no knowledge any sanitary sewer system, floor drains or other underground structures. Surface water drainage across the entire site has not been fully investigated or mapped. Mr. McNichols and Mr. McConnell indicated that stormwater generally puddles and remains at the site in several areas around the maintenance building. A partial system of ditches and underground drainage tiles that collect surface water and water pumped from the maintenance pits has been identified on the northern portion of the property. According to Mr. McNichols and Mr. McConnell, these ditches drain to a swale north of the City Maintenance Building, located just north of the site.

f. Any and all additions, demolitions or changes of any kind on, under or about the Property, its physical structures or to the Property itself (e.g., excavation work); and any planned additions, demolitions or other changes to the Property; and

**A:** The ITM reported that the Property had not been used prior to the ITM's original lease. After leasing the property, the ITM imported soil, constructed a large maintenance building, and added rail spurs. There are no planned additions, demolitions or other changes to the Property at this time.

g. The above utilities, features or structures must also be documented on a site map.

**A:** The known utilities, features or structures are shown in Attachment C.

- 14. Identify all leaks, spills, or releases into the environment of any hazardous substances, pollutants, or contaminants that have occurred at or from the Site. In addition, identify:
  - a. When such releases occurred:

**SCP No.** 7100207

ELAM File: INHN825P Date: 7/12/17

b. How the releases occurred (e.g. when the substances were being stored, delivered by a vendor, transported or transferred (to or from any tanks, drums, barrels, or recovery units), and treated).

- c. The amount of each hazardous substances, pollutants, or contaminants released;
- d. Where such release(s) occurred. Location(s) must also be documented on a site map;
- e. Any and all activities undertaken in response to each such release or threatened release, including the notification of any agencies or governmental units about the release.
- f. Any and all investigations of the circumstances, nature, extent or location of each release or threatened release including, the results of any soil, water (ground and surface), or air testing undertaken; and,
- g. All persons with information relating to these releases.

**A:** No spills have been reported or investigated, nor were any records of spill incidents identified in the IDEM Virtual File Cabinet (VFC). Mr. McNichols stated that other persons who may have information include the McCormacks.

- 15. [Drains inside/under a building] Was there ever a spill, leak, release or discharge of hazardous substances into any subsurface disposal system or floor drain inside or under the building? If the answer to the preceding question is anything but an unqualified "no", identify:
  - a. Where the disposal system or floor drains were located;
  - b. When the disposal system or floor drains were installed;
  - c. Whether the disposal system or floor drains were connected to pipes;
  - d. Where such pipes were located and emptied;
  - e. When such pipes were installed;
  - f. How and when such pipes were replaced, or repaired; and,
  - g. Whether such pipes ever leaked or in any way released hazardous substances into the environment.
  - h. The location of the spill, leak, release or discharge of hazardous substances into any subsurface disposal system or floor drain inside or under the must also be documented on a site map.

**SCP No.** 7100207

ELAM File: INHN825P Date: 7/12/17

**A:** The ITM reported that no drains exist under the maintenance building.

- 16. Has any contaminated soil ever been excavated or removed from the Property?

  Unless the answer to the preceding question is anything besides an unequivocal "no", identify:
  - a. Amount of soil excavated;
  - b. Location of excavation. The location of the excavation must also be documented on a site map;
  - c. Manner and place of disposal and/or storage of excavated soil;
  - d. Dates of soil excavation;
  - e. Identity of persons who excavated or removed the soil;
  - f. Reason for soil excavation;
  - g. Whether the excavation or removed soil contained hazardous substances and why the soil contained such substances;
  - h. All analyses or tests and results of analyses of the soil that was removed from the Property;
  - i. All persons, including contractors, with information about (a) through (h) of this request.

**A:** The ITM reported that no contaminated soil has ever been excavated from the Property.

- 17. Provide all reports, information or data related to soil, water (ground and surface), or air quality and geology/hydrogeology at and about the Property. Provide copies of all documents containing such data and information, including both past and current aerial photographs as well as documents containing analysis or interpretation of such data.
  - **A:** The ITM has no knowledge that any previous investigations have been performed on the Property. The ITM has retained the services of The ELAM Group to perform necessary investigations related to soil, water, air quality and geology/hydrogeology.

Date: 7/12/17

18. Please provide any aerial photographs that you may have of the Property during the period of your ownership.

**A:** Aerial photographs will be provided with the Initial Site Assessment.

19. Identify the source of drinking water for the Property and for adjacent properties.

A: Persons working on the Property use bottled water. Information regarding the source of drinking water was provided by Mr. Tim Stottlemyer of the City of Noblesville. The ELAM Group provided an *Indiana DNR Water Well Viewer Map*, that identified four water wells on Forest Park Golf course to Mr. Stottlemyer. Mr. Stottlemyer informed The ELAM Group that Forest Park, not including the golf course, is entirely on city water as of 1991, through work performed by Hardey Construction. In response to The ELAM Group's inquiry about four specific wells indicated on the *Indiana DNR Water Well Viewer Map*, Mr. Stottlemyer responded that none of the four wells are visible or located. The City of Noblesville has no record of the wells being capped or decommissioned. The golf course uses a well for irrigation which is just north and outside of the June 20, 2017, *Indiana DNR Water Well Viewer Map*. The City of Noblesville has no knowledge of any active wells other than the irrigation well used by the golf course. The *Indiana DNR Water Well Viewer Map* depicted four water wells on Forest Park Golf Course is included in Attachment C.

20. Identify any public water supply wells located less than 3,000 feet from the Property.

**A:** According to the *IDEM Wellhead Proximity Indicator*, the Property is within a Wellhead Protection Area. A map produced by the *IDEM Wellhead Proximity Indicator* on 6/29/17, is included in Attachment C.

Additionally, a map produced by the *DNR Water Well Viewer Map* on 7/11/17 identifies 70 water wells, including three (3) significant withdrawal wells, within 1 mile of the Property. Well logs for all wells within 1 mile of the Property are included in Attachment D. This search remains ongoing and will be complete for the *Initial Site Investigation*.

SCP No. 7100207

ELAM File: INHN825P Date: 7/12/17

21. Identify any susceptible populations surrounding the Property, including but not limited to daily care facilities (e.g. childcare facilities, schools and senior citizen facilities).

**A:** The Property is bounded on the east, north and south by a recreational facility known as Forest Park. Legacy Christian School is located on adjacent property to the west of the Norfolk & Western Railway that bounds the Property on the west. Riverview Hospital is located within one half mile south of the ITM. This search remains ongoing and will be complete for the *Initial Site Investigation*.

- 22. List all names under which the PRP that you are involved with at this Property has been known or operated under. For each name, provide the following information:
  - a. Whether the company or business continues to exist, indicating the date and means by which it ceased operations (e.g. dissolution, bankruptcy, sale) if it is no longer in business. Please provide all documentation regarding the cessation of operations and/or any transfer of liability.
  - b. If the PRP was dissolved, please provide any information and documentation of the distribution of assets;
  - c. Names, addresses and telephone numbers of all registered agents, officers and operations management personnel; and
  - d. Names, addresses and telephone numbers of all subsidiaries, unincorporated divisions or operating units, affiliates and parent corporations, if any, of the PRP.
    - **A:** Please see the response to Question 7. The ITM is an active corporation according to records of the Indiana Secretary of State. The contact person for the ITM is Mr. John McNichols. Mr. McNichols should be contacted through Barnes & Thornburg LLP. The Indiana Secretary of State Business Entity Reports are included in Attachment E.
- 23. Was the PRP with which you were involved ever affiliated in any way with any of the other PRPs named in this Notice? If so, please explain the relationship in detail.

**SCP No.** 7100207

ELAM File: INHN825P Date: 7/12/17

**A:** The other PRP named in this notice is the City of Noblesville. The ITM is not affiliated with the City of Noblesville.

24. Did the PRP ever lease the premises to any person or entity during the time of ownership? If so, please provide a list of lessees, type of business operations and time periods for each lease. Please provide contact information for the lessee if available.

**A:** The ITM never owned the Property. Additionally, the ITM never subleased the Property to any person or entity.

25. If the PRP is currently the owner of the Property(s), please provide a listing of all current lessees, the type of business they operate and their contact information.

**A:** The ITM does not own the Property.

26. Provide IDEM with the name(s) of any party or parties of which you are aware that are not named in this Notice that may have information regarding the contamination or may have contributed to the contamination of the Property and the associated groundwater plume.

**A:** The ITM reported that other persons who may have information include the McCormacks.

#### **Insurance Policy Information**

1. Provide copies of all casualty, liability and/or pollution insurance policies, and any other insurance contracts referencing the site or facility (including, but not limited to, Environmental Impairment Liability, Pollution Legal Liability, Cleanup Cost Cap or Stop Loss Policies, Institutional Controls and Post Remediation Care Insurance). Include any and all policies providing the Respondent with liability insurance relating to the Site property since you first owned and operated the Site.

Date: 7/12/17

\_\_\_\_

**A:** The information discovered thus far is provided in Attachment F.

2. To the extent not provided in Question 1 above, provide copies of all insurance policies that may potentially provide you with insurance for bodily injury, property damage and/or environmental contamination in connection with the Site and/or business operations. Include, without limitation, all comprehensive general liability, primary, excess, and umbrella policies.

**A:** The information discovered thus far is provided in Attachment F.

3. To the extent not identified in Questions 1 or 2 above, provide all other evidence of casualty, liability and/or pollution insurance issued to Respondent for the period being investigated as identified in Question 1.

**A:** The information discovered thus far is provided in Attachment F.

- 4. If there are any such policies from Questions 1, 2, or 3 above of which you are aware but neither possess copies, nor are able to obtain copies, identify each such policy to the best of your ability by identifying:
  - a. The name and address of each insurer and of the insured:
  - b. The type of policy and policy numbers;
  - c. The per occurrence policy limits of each policy; and,
  - d. The effective dates for each policy.

**A:** The information discovered thus far is provided in Attachment F.

5. Identify all insurance brokers or agents who placed insurance for the Respondent at any time during the period being investigated as identified in Question 1, and identify the time period during which such broker or agent acted in this regard. Identify by name and title, if known, individuals at the agency or brokerage most familiar with the property, pollution and/or liability insurance program of the Respondent and the current whereabouts of each individual, if known.

**A:** The information discovered thus far is provided in Attachment F.

**SCP No.** 7100207

Date: 7/12/17

ELAM File: INHN825P

6. Identify all previous settlements by the Respondent (or predecessors) with any insurer which relates in any way to environmental liabilities and/or to the policies referenced in Questions 1-4 above, including:

- a. The date of the settlement:
- b. The scope of release provided under such settlement;
- c. The amount of money paid by the insurer pursuant to such settlement.

  Provide copies of all such settlement agreements.

**A:** Information and documentation has not been discovered regarding any settlements.

7. Identify all communications and provide all documents that evidence, refer, or relate to claims made by or on behalf of the Respondent under any insurance policy referenced in Questions 1-4 above. Include any responses from the insurer with respect to any claims.

**A:** The information discovered thus far is provided in Attachment F.

8. Identify any and all insurance, accounts paid or accounting files that identify the Respondent's insurance policies.

A: The information discovered thus far is provided in Attachment F.

 List all named insured on property, pollution and/or casualty liability insurance providing coverage to the Respondent during the period being investigated as identified in Question 1, and the date such named insured appeared on the policies.

**A:** The information discovered thus far is provided in Attachment F.

10. Identify any person or organization requiring evidence of Respondent's casualty, liability and/or pollution insurance during the period being investigated as identified in Question 1, including the nature of the insurance requirement and the years when the evidence was required.

**SCP No.** 7100207

ELAM File: INHN825P

Date: 7/12/17

\_\_\_\_\_\_\_

**A:** To the best of Mr. McNichol's knowledge, no person or organization has required evidence of ITM's insurance.

11. Identify the Respondent's policy with respect to document retention.

**A:** The ITM does not have a policy with respect to document retention.

Please feel free to contact me at (888) 510-3526 or by e-mail at <a href="mailto:james.hogan@elamusa.com">james.hogan@elamusa.com</a> if you have any questions with regard to the above-referenced information.

Sincerely,

James P. Hogan, LPG

Enclosures

cc: Mr. David Gillay, Esq., Barnes & Thornburg LLP

# **Attachment A**

Legal Description of the Property

#### EXHIBIT A

#### Parcel A

Beginning at the northwest corner of that part of Forest Park purchased from Horace G. Brown and wife and run thence south along with east line of the right-of-way of Norfolk & Western Railroad 1450 feet, more or less, to a point directly west of a fence line along the north side of what is known as the Forest Park Cabin site; run thence east 210 feet, more or less, to the edge of the existing blacktop road; run thence northerly along the west edge of said blacktop road 660 feet, more or less, to the south edge of what is known as the Trash Dump Road; thence westerly to a point 30 feet east of the east line of the right-of-way of the Norfolk & Western Railroad; thence northerly and 30 feet distant from said east right-of-way line to a point due east of the place of beginning; thence west 30 feet to the place of beginning.

#### Parcel B

A strip of land 30 to 35 feet wide depending on terrain; beginning at the north fence line of what is known as the Forest Park Cabin; measuring right-of-way width east from the east line of the Norfolk & Western Railroad right-of-way; and extending southerly to State Route 19 along the east line of the Norfolk & Western right-of-way excluding the Parks storage building.

John,

Pete McCormack is scheduled to attend some training in Chicago in a couple of weeks. He is asking for a cash advance to pay for his hotel and meals.

I wanted to check with you and see if this is possible and what we need to do. He is asking for \$500.

Please let me know when you get a chance.

Paul Brankle

Subject:

Re: Cash advance

Paul, I spoke with Pete about the advance. He is going to contact Lusco to empty the scrap dumpster, which will put some cash in our coffers. If we can get this done this week, I will work with our bookkeeper to get him an advance.

John McNichols 317 439-3630

INSPECT 2 TRAINS

7/30 INSPECTED PASSENGER CAR #3078. FOUND LOW OIL PRESSURE ALARM ON A/C SYSTEM ONCE CAR WAS POWERED UP. RESET ALARM & OIL PRESSURE SAFETY SWITCH OPERATED OBSERVED OPERATION. PROPERLY AND TRIPPED IN APP. 5 MIN. OF INITIAL RUNNING TIME. NET OIL PRESSURE WAS 8 PSI AT TIME OF FAULT. SPLASHING WAS VISIBLE IN SIGHT GLASS, BUT NO LEVEL WAS CONTACTED LOCAL SUPPLIERS FOR INFO ON OIL COMPATIBLE WITH R-12/R-414B. PURCHASED OIL. CHARGED COMPRESSOR SUMP WITH OIL UNTIL NORMAL SUMP LEVEL WAS REACHED DURING NORMAL OPERATION. FINAL NET OIL PRESSURE WAS 42 UNIT RAN FOR ONE HOUR. NO PROBLEMS OBSERVED DURING TRIAL RUN PERIOD ONCE OIL ISSUE WAS CORRECTED. LEFT REMAINING OIL WITH CUSTOMER FOR SPARE. UNIT CAPABLE OF 21 DEGREE DELTA TEMP. INSPECTED PASSENGER CAR #3081. PRESSURES & TEMPS OBSERVED. NO PROBLEMS FOUND ON THIS UNIT. UNIT CAPABLE OF 19° DELTAL TEMP. RE-CHECKED PASSENGER CAR #3099 PER ON SITE REQUEST. PRESSURES & TEMPS SHOWED SLIGHT IMPROVEMENT FROM PREVIOUS INSPECTION. HOWEVER, INTERNAL CAPACITY CONTROL IS STILL STICKING. SYSTEM STILL OPERATES, BUT COMPRESSOR REBUILD MAY BE NEEDED SOON. CLEANED CONDENSER COILS ON PASSENGER CARS #3093 AND #3072 WITH CHEMICAL AND RINSED CLEAN. DEMONSTRATED COIL CLEANING PROCESS FOR CUSTOMERS ON SITE FOR MAINTENANCE TRAINING PURPOSES.

trial run period once oil issue was corrected. Left remaining oil with
customer for spare. Unit capable of 21 degree delta temperature.
Inspected passenger car #3081. Normal pressures and temperatures
were observed. No problems found on this unit. Unit capable of
nineteen degree delta temperature.
Re-checked passenger car #3099 per on-site customer request.
Pressures and temperatures showed slight improvement from
previous inspection. However, internal capacity control is still
sticking. System still operates, but compressor rebuild may be
needed soon.
Cleaned condenser coils on passenger cars #3093 and #3072 with
chemical and rinsed clean. Demonstrated coil cleaning process for
customers on site for mainenance training purposes.

Attachments: Wabash n single car test shipping rec.pdf

Adam and Suzie, attached are a couple of receipts. One is for Wabash Boxcar paint from TSC, for Museum Ops, and the other is a receipt to ship our single car brake tester to Pittsburg Air Brake for its annual calibration. Bruce has already picked this up from them. Please add these to your payables, for the next round, thanks.

Go head and pay John. If you would please keep track of this number along with the other work that Pete and Tim have done to finish up the work that didn't get done in the HHPA grant last fall.

We won't get any money but we can let them know how much we had to spend completing the project. DR

Re: RE: FW: IMI past due bill

Thanks Beth!

On Monday, March 3, 2014 12:56 PM, Beth Magers < <a href="magersmbs@comcast.net">bmagersmbs@comcast.net</a>> wrote: Suzie,

I will get these two issued and drop them off at the office.

Just to let you know. All but two of our utilities are paid by auto pay online. This would be all the Duke, AT&T and PSI. These are a large amount of our monthly bills in the winter time.

I'm going to check into bill payment online to see what the cost would be. That might help with getting Tim paid sooner.

Thank you, Beth

**Subject:** RE: Gen Set Fuel Tank **Sent:** Fri, Jul 25, 2014 8:43:01 PM

Sorry, my iphone message didn't copy the link to the TSC website for some reason. In-store price is \$349.99.

#### http://www.tractorsupply.com/en/store/delta-steel-transfer-tank-100-gal

The listed full capacity is 107 gallons, and they consider 96 gallons the "safe fill" level, product signage says 100 gallon tank.

Make check out to "Tractor Supply Co.". I can pick up the tank with my trailer.

This is all assuming Tom's cousin who farms doesn't have a tank available to loan us, but I wanted to get this deal in the works so we can get the tank in time to be able to install it.

Thanks!

Kirk

If a check gets written over the weekend or early next week I can be available to sign it; since John will be out of town.

Call me at home over the weekend: (317) 913-0363

Or, at the office during the workday next week: (317) 806-1077

Beth will need to know the amount required for the check.

Jeff

09 SEP 24 PM 3: 37

# INDIANA TRANSPORTATION MUSEUM, INC.

The undersigned officer of Indiana Transportation Museum, Inc. (the "Corporation"), existing pursuant to the Indiana Nonprofit Corporation Act of 1991, as amended (the "Act"), gives notice of amendment to its Articles of Incorporation and certifies the following facts:

# **ARTICLE I**

# NAME AND DATE OF INCORPORATION

Section 1. Name. The name of the Corporation, prior to and following this amendment, is Indiana Transportation Museum, Inc.

Section 2. <u>Date of Incorporation</u>. The date of incorporation of the Corporation is September 1, 1960.

# **ARTICLE II**

# **TEXT OF AMENDMENTS**

Section 1. The exact text of Article V of the Articles of Incorporation is now as follows:

# ARTICLE V

# No Members

The Corporation shall have no members.

Section 2. The exact text of NEW Article X of the Articles of Incorporation is now as follows:

#### ARTICLE X

# Distribution of Assets on Dissolution

In the event of the complete liquidation, dissolution of the Corporation, or the winding up of its affairs, after paying or making provision for the payment of all the liabilities of the Corporation, the Board of Directors in accordance with the Corporation's Bylaws and the Indiana Nonprofit Corporation Act of 1991, as amended, shall distribute all the assets of the Corporation to such organization or organizations organized and operated exclusively for charitable, educational, religious or scientific purposes as shall at the time

Indiana Secretary of State Packet: 194269-172 Filing Date: 09/24/2009

Effective Date: 09/24/2009

qualify as an exempt organization or organizations under IRC Section 501(c)(3). Any such assets not so disposed of shall be disposed of by the Judge of the Circuit Court of Hamilton County, Indiana, exclusively for such purposes or to such organization or organizations, as said Court shall determine, which are organized and operated exclusively for such purposes.

#### **ARTICLE III**

# MANNER AND DATE OF ADOPTION AND VOTE

Section 1. Action by Directors. At a duly called meeting held on July 9, 2009, at which a quorum was present, the Board of Directors of the Corporation duly adopted resolutions approving the amendment to the Articles of Incorporation as set forth above and recommending same to the Members of the Corporation at a meeting to be held on September 20, 2009.

Section 2. Action by Members. At a duly called meeting held on September 20, 2009, at which a quorum was present in person or by proxy, the Members of the Corporation duly adopted resolutions approving the amendment to the Articles of Incorporation as set forth above. The resolutions were duly adopted by a majority of the votes cast by each class of Members of the Corporation having voting rights, as follows:

IF APPROVAL OF MEMBERS WAS REQUIRED:		MEMBERS ENTITLED TO VOTE AS A CLASS			
	Total	1. INDIVIDUAL	2. FAMILY	3. LIFE	4. PATRON
MEMBERS ENTITLED TO VOTE	312	113	149	47	3
MEMBERS VOTED IN FAVOR	136	57	62	14	3
MEMBERS VOTED AGAINST	29	11	13	5	0

Section 3. Compliance with Legal Requirements. The manner of the adoption of these Articles of Amendment to the Articles of Incorporation and the votes by which they were adopted constitute full legal compliance with the provisions of the Act, the Articles of Incorporation, and the Bylaws of the Corporation.

I hereby verify, subject to penalties of perjury, that the facts contained herein are true.

Signed and dated this 21st day of September, 2009.

Art Hall, Chairperson

This instrument was prepared by Thomas H. Ristine, Lewis & Kappes, P.C., One American Square, Suite 2500, Indianapolis, Indiana 46282.
