

Jun 7, 2017

Mayor John Ditsler
16 South 10th St
Noblesville, IN 46060

Mayor Ditsler,

We are in receipt of the City of Noblesville's ("City") letter dated 5/30/17 entitled Hazardous Spills at the Site of the Indiana Transportation Museum. The letter was received on Jun 1st. Specifically, this letter pertains to the Indiana Transportation Museum's ("ITM") operations at 825 Park Drive in Noblesville, Indiana, which is a property that the ITM leases from the City. Please be assured that we take this situation seriously and will be taking appropriate action to investigate and implement measures to address this matter.

Please be advised that the ITM met with and retained an environmental consultant on 6/3/17. Our environmental consultant is a local Noblesville firm named The ELAM Group. Our point of contact at The ELAM Group is:

James P. Hogan, LPG #2166
The ELAM Group
176 W. Logan St., Suite 147
Noblesville, IN 46060
Phone: (888) 510-3526 x102
E-mail: james.hogan@elamusa.com

On 6/5/17, we have scheduled a time for The ELAM Group to conduct a voluntary Compliance Audit. This audit will take place on Friday, 6/9/17, at 9:00 a.m. The ELAM Group will then prepare its report with recommendations to the ITM. We will have the Audit completed no later than 6/29/17 and would then like to schedule a meeting with you to discuss next steps. We will work directly with Noblesville and the IDEM in resolving any issues that come up.

Sincerely,

John McNichols, Chair
Indiana Transportation Museum
